REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Atkinson:

I take pleasure in presenting my annual report as Superintendent of your schools.

The Statistical Report is for the school year ending June 30, 1942. This report is followed by the reports of the School Nurse, and the Music Supervisor.

There has been one change in the teaching staff since my last report. Miss Barbara Eldredge resigned her position in the Primary School, and the vacancy was filled by the election of Miss M. Theresa Shanahan.

The enrollment in the elementary school for the year covered by this report was sixty-nine, showing an increase of twelve children since the previous year. The enrollment of the Academy was seventeen, one less than the year previous. The school attendance averaged 91.62 per cent of the membership, as compared with the state average of 94.31 per cent.

Twelve pupils completed the work of the eighth grade last June, and all of these have entered a High School or the Academy this year. The following list shows the September enrollment of Atkinson pupils in High Schools:

Atkinson Academy	20
Sanborn Seminary	1
Total Atkinson pupils enrolled in High Schools	21

Word came recently of the death of Miss Helen Thomas—School Nurse—on leave of absence because of illness. Miss Thomas gave many years of untiring service to the physical welfare of the children here. During the present school year the work of school nurse is being done by Mrs. Jessie Soule, R. N., of Salem, New Hampshire, in an enthusiastic and efficient manner. We hope to hold a dental clinic this spring if a dentist can be secured for the work.

There is good progress in the work of all our schools. The fundamentals are being adequately stressed. As an aid in directing instruction in the fundamentals, standardized tests are given each year. Mental tests are also given to all pupils during the fourth and ninth year. Thus we are able to determine the achievement of both class and each individual member as compared with a national norm. These tests are valuable in helping to determine points of weaknesses in each pupil's development and thus helps the teacher to furnish drill where it is most needed.

Special reports from our elementary schools are here included.

During National Education Week a day was set aside as Parent's Day. By designating a special day more parents visit classes and see the school engaged in its daily activities.

War Stamp Clubs have been formed in our schools in an attempt to encourage the pupils to do their share in the war effort. Between January 10th and February 5th, $40.90 worth of defense stamps were bought by the children in the two schools. On December 11th a patriotic pageant entitled "America the Beautiful" was presented by the elementary schools and the Academy. This proved to be a success, and provides not only a momentary value for the school, but also an educational value to the children since they acquire poise, a sense of cooperation, and an opportunity to put into practice the skills they have gained in music classes.

The schools have been able to serve hot cocoa this year despite the shortages. The upper grade pupils assist in preparing and serving the cocoa to approximately fifty pupils. Health charts show gains in weight as a result.

This year the Christmas activities of these schools consisted of two projects, namely the making of hot mats and illustrated calendars; a Christmas party and the tree; and also participation in the program for the community tree.

The schools gave contributions to the Junior Red Cross. As

members of this organization the schools receive a monthly magazine which has many interesting stories, illustrations, and suggestions for patriotic services as carried out in other schools.

In an effort to gain a wider reading scope a Reading Club has been formed by the pupils of the Grammar School. As a result of this club the pupils now have a keener interest in reading, larger vocabularies, and a wider knowledge of enjoyments derived from reading.

Since reading is the impressional method for education much use has been made of story telling in the Primary grades. A period of time has been used each week during which fairy and folk stories as well as stories to illustrate self-reliance, cleanliness, and nature, have been told. The pupils have an opportunity to retell the stories, give their impressions, and to tell what they learned from them. Thus a cultural contact is built up in the minds of the children and a better choice of English is cultivated.

The World War that is being waged is bringing great change in our way of living. Education is being effected. The elementary schools have not been effected to any great extent to date. The High Schools, due to loss of teaching personel and older pupils, to the War Service, have been effected to a greater extent. To date there has been little difficulty in getting supplies, but the supply of teachers is such that the loss of a good teacher can hardly be replaced. It takes four years to train a teacher, and the enrollment at the Institutions preparing teachers is very greatly reduced. Every effort, financial and otherwise, should be made to retain satisfactory teachers. Salary adjustments should be made to meet, as far as possible, the conditions and practices of the times.

The work of the teacher in the public school has increased materially in recent years due to changes in ways of living. The school finds it necessary to furnish training in an increasing number of directions. The teachers have been performing a real service in conducting the registration in the rationing of sugar, gasoline, and fuel oil, and directing the scrap collection and the sale of war savings stamps. It has meant extra work, but this has been done cheerfully in compliance with the requests of our government.

I would like to express my gratitude for the cooperation of

the parents and citizens, as well as the special assistance given by local organizations.

In closing I wish to express appreciation of the courtesy and assistance given me by the School Board and the teaching force.

Respectfully submitted,

WILLIAM J. NELSON,

Superintendent of Schools.

REPORT OF SUPERVISOR OF MUSIC

To Mr. William J. Nelson, Superintendent of Schools:

I have the honor to submit my annual report as Supervisor of Music in the Atkinson Schools.

Music appreciation is the ultimate aim of our music course. The girls and boys are taught to sing tunefully, read music and listen intelligently, in order that they may appreciate the works of the great masters.

On December eleventh the pupils of the Academy, Elementary and Primary Schools very ably presented the musical play and pageant "America the Beautiful." Nearly every student in town took part and there was a great amount of enthusiasm in the undertaking. The play was well received by a capacity audience.

The end of the year finds me, as always, grateful to the

teachers, on whose assistance I rely to such a great extent. For your cooperation and that of the school board, I wish to express my appreciation and thanks.

Respectfully submitted,

EVA M. THOMPSON.
